

INSTRUCTIONS FOR TRANSFERRING YOUR REGISTRATION

LOG IN TO YOUR PERSONAL PARTICIPANT PROFILE USING THE DIRECT LINK SENT IN YOUR REGISTRATION CONFIRMATION.

Note: Registrations paid with employee benefits cannot be transferred.

1. Your registration details will open. Click the "Transfer registration to another person" button.

2. You will then need to confirm the transfer. After confirmation, the system will generate a discount code to be given to the new participant. Copy the code and confirm.

IMPORTANT: After this step, the transfer cannot be canceled and you will no longer be able to log in to your profile!

3. Send the code to the person to whom you want to transfer the registration. The code can only be used for registration for the same distance.

4. The new runner must register as a new participant on the event website. At the end of the registration process, on the payment page, they should enter the code you provided. The registration fee will then be 10 euros, to be paid via online banking.

NOTE: The transferred registration includes only the right to participate in the run, not any additional services.

If the transferred registration includes the Helsinki City 5K as an additional service along with the marathon/half marathon/double, the recipient must contact maraton@sul.fi.

Important: The 5 km purchased as additional service can only be transferred to the same person as the main registration.
